SUBJECT: Inquiry About On-the-Job Training Opportunities – Denzel Fortez

Dear Hiring Manager,

Good day.

My name is Denzel Fortez, a fourth-year Bachelor of Science in Information Technology student at STI College Rosario. I am writing to inquire about possible On-the-Job Training opportunities at Endsofttech Web Solutions.

I am particularly interested in gaining practical experience in front-end and full-stack web development, especially using JavaScript and related web technologies. Through my coursework and academic projects, I have developed foundational knowledge in web development, database management, and UI layout engineering, which I hope to apply and further improve in a professional environment.

I would greatly appreciate it if you could provide information regarding available face-to-face OJT opportunities and application requirements. I would be happy to provide any necessary documents, such as my resume and school endorsement, or attend an interview at your convenience.

Thank you for your time and consideration.

Sincerely,

Denzel Fortez
